Sustainable Agricultural Livelihood Restoration, Rehabilitation and Resilience in Kenya

Guidelines on Sustainable Ruminant Feeds and Nutrition Security for Kenya

CHAPTER 4 STRATEGIC INTERVENTIONS TO ADDRESS RUMINANT FEED AND NUTRITION INSECURITY

4.4 Pillar 4. Feed stability

The interventions to improve the stability of the feed industry include:

4.4.2 Intervention 2. Improved economic performance

- i. Increased investment in the feed resource sector, rural infrastructure and improved land tenure systems
- ii. Enhanced research in feed technologies and agricultural extension services in feed production
- iii. Develop technologies that reduce post-harvest losses
- iv. Enhance feed value chain functionality through the proper producer to market linkages
- v. Improve financial inclusion and access for small holder processors, feed developers and marketers through sensitisation to form/join SACCOs and cooperatives for collective bargaining)
- vi. Promote feed cottage industry for livestock feed value addition
